

Unlock the Power of NERIS for Your Agency

NERIS EDUCATION PACKAGE

Purchasing a NERIS Education Package offers your agency an invaluable opportunity for a seamless transition from NFIRS to the NERIS system with four hours of dedicated guidance from our implementation team.

Expert Guidance

Receive personalized, hands-on support from our experts to address specific needs and ensure a smooth transition.

Comprehensive Checklist

Our detailed checklist covers:

- System Level: Agency Tree, Fire - NERIS, Create NERIS Incident
- Agency Information: NERIS ID, Reporting Name, Contact Info
- NERIS Tab: Address, Fire Stations, Dispatch, Staffing
- Permission Groups: Define access levels
- Dataset Management: Fire Demographics, Mapping
- Agency Resources: Locations, Staffing, Supporting Agencies, Vehicles
- System Tools: Dataset Manager, Community Library, Form Manager, Visibility, Validation, Preset Values
- Creating New NERIS Fire Incidents: Test incident creation

Long-Term Benefits

Proper implementation ensures that your Elite system is configured correctly to collect and send NERIS data, providing a dedicated resource to guide you through the process and addressing any challenges that may arise.

Additional Information

This webinar will discuss the features of Elite available at the time of the webinar. Additional features may be added after the webinar, which are not mentioned in this guide but will be addressed.

Conclusion

Investing in a NERIS webinar session ensures a seamless, effective transition from NFIRS to NERIS, with expert guidance and support tailored to your agency's needs.
