

NERIS TRANSITION GUIDE FOR ELITE FIRE

Online Course in the Virtual Learning Center

Rely on ImageTrend to help you navigate the transition to NERIS.

As a NERIS V1 Compatible vendor, ImageTrend is here to support your agency with seamless API integration, improved interoperability, & streamlined data management.

Enroll in **NERIS Transition Guide for Elite Fire**, an online course in our [Virtual Learning Center](#). Designed specifically for Elite System Administrators transitioning from NFIRS to NERIS, this course serves as a guide to streamline the setup and configuration process in Elite—ensuring a smooth and efficient transition.

Who Should Take This Course?

The curriculum is designed for administrators live with Fire reporting—system or agency. Direct entry agencies should view the courses that apply to their configurations.
