

The Next Evolution in Emergency Intelligence Platforms

Intelligence That Unlocks Impact

2026 Roadmap Highlights: EMS and Rescue

Intelligence Product Suite

Unified Analytics

AI First

Run Forms and EMS Workflow Optimization

Modern, Intuitive User Experience

Updated interface, Consistency across products

Expanded Interoperability Solution, Carelytics

Access Prehospital Data

Reimagined CQI Experience

AI Features, New Workflow

- Provide one-stop-shop for all Analytics tool to connect all data
- Deliver meaningful, real-time insights that power smarter decisions and better patient outcomes
- Meet rising expectations by streamlining workflows and reducing time spent across systems
